

DONATIONS

Did you enjoy the Olympics last year? We did. On behalf of the organising committee I thank you for your donations. Costs are minimal but the best is never free. Donations can be left with Marianne, Cass or Bruce on the beach or at the Swanny Reef cafe. Remember, those who join in enjoy the it the most so get with it. The events are open to all.

BUT-BUT-BUT-

Due to popular demand I have been asked by many people to remind/ask smokers to dispose of their cigarette butts thoughtfully. Try an old drink can! Bare butts and cigarette butts don't mix and the sand is becoming inundated. Please be considerate.

PLEASE

Please, please, please. please. please, please, please, please, please. please, please, please, please, please, please, wear sunblock SPF 15+ and a hat and we will see more of you than your doctor will.

SOUTH OF THE BORDER

A brief Swanby beach history: for at least 15 years many people have fought tooth and nail, authorities and ignorance to enjoy our beach today. During the process we have developed an amiable relationship with local authorities, partly because we stay on our beach. The border is in line with the 'WELCOME' sign. When nude, please stay north of this border so the rangers won't have to enforce their bylaws, which only prevail south of the border. Obviously the rangers are a tolerant lot but lately some people have been testing their patience

AUSTRALIAN SUN AND HEALTH

Published quarterly, it is Australia's top nudist magazine. I strongly suggest getting a copy, in particular issue no. 45 (the latest) in discerning newsagents now. Read about the Warnbro beach battle, history of bathers, Byron Bay, single nudists, problems in N.S.W., etc. Become an ANF Supporter and Sun and Health will be delivered every quarter.

WARNBRO FREE BEACH CONSOLIDATED

Five years ago, due to pressure from local beach users. Rockingham City Council voted to give official status to Warnbro Free Beach and it was proclaimed as such.

Last winter (very cunning since beach users were absent) there was a push to try to close the beach, mainly on moral grounds. One councillor stated "we have a moral obligation to all ratepayers with young families to get rid of it." Obviously a self-appointed keeper of public morals! A church leader being told of the beach's existence after 2 years living nearby claimed it would corrupt his children. What happened during the 2 years of ignorance?

There was only 21 days for public submissions and the enthusiasm of John Witty and his cohort censured the letters ran 3 to 1 in our favour. On June 22nd the Council voted not to close the beach as a result of nearby development. The beach has been tested twice; it will be very difficult for the minority of critics to try again. To quote Gorden Ashworth "it is strange how some developers wish to denude the environment and clothe the people." Isn't it also strange at a time of deregulation of business that authorities impose restrictions on social behaviour?

Congratulations to all the successful campaigners. your efforts were justly rewarded. The precedent is set. Who will continue the effort elsewhere?

To get to the free beach travel south down Warnbro Sound Ave. and right into Grand Ocean Boulevard. Veer to the left down the (hard) sand track to the parking area. Walk down the southern path arid hey presto, you're standing in it. Have a wonderful day.

You are most welcome to join with us in the TWELFTH OLYMPIC GAMES to be held at North Swanbourne Beach. Remember, still photographs of the events are OK but due to popular demand NO VIDEOS OR MOVIES and for photos of people other than in events, ASK FIRST! It's only polite.
